

**Rochester Area Intergroup
Board of Trustees**

To: All Members of the Intergroup

Subject: Welcome Back to the IR In-Person Meeting!!!

This memo is to inform you that starting Thursday March 10, 2022, the RAI Intergroup meeting will be returning to its normal operation of in-person meetings in the AI Sigl Center Gym at 6:30 p.m.

Now that Governor Hochul has relieved the mask and vaccination restriction across the state many businesses and companies are moving forward with plans to get back to normal. The COVID numbers continue to decrease along with the restrictions that were placed on us, and things appear to be getting better.

The Rochester Area Intergroup, like other businesses, has taken the necessary steps over the years to make sure that everyone who participates in the Operation of the Central Office and RAI related activities stays safe as we navigate through this difficult time.

So far in our efforts to return to some type of "Normal" we have accomplished the following:

- The Central Office is now fully operational and safe for our staff and those who visit us for services.
- The Central Office meeting room is now available for in-person group or committee meetings for any groups or committees inclined to do so.
- The Flower City Fellowship Convention was held at the Hyatt and the results were very successful, including the fellowship enjoyed by all.

With all this successful activity going on the Board recognizes the only operational event that is not back to some type of normalcy is the IR meeting and that is why it is time to move forward with plans to get back together. The Board also recognizes that to be most effective with our meeting operationally and fellowship wise, this meeting will be in-person only and not a Hybrid type meeting.

The AI Sigl Center has once again provided us with Gym accommodations to conduct our meeting and we have plenty of space to ensure your safety. AI Sigl has informed us that they are a medical type of facility so we will have to wear masks when we enter and leave the gym. Masks will not be required and optional once in the gym. For those of you that still have some health concerns we will set up the room to allow plenty of social distancing and you always have the option to wear your mask during the meeting.

We, the Board, appreciate your service and hope this is great news for you also. We look forward to seeing you Thursday night as we strive to get back to the great fellowship that this meeting provides us.
